6. Carpet

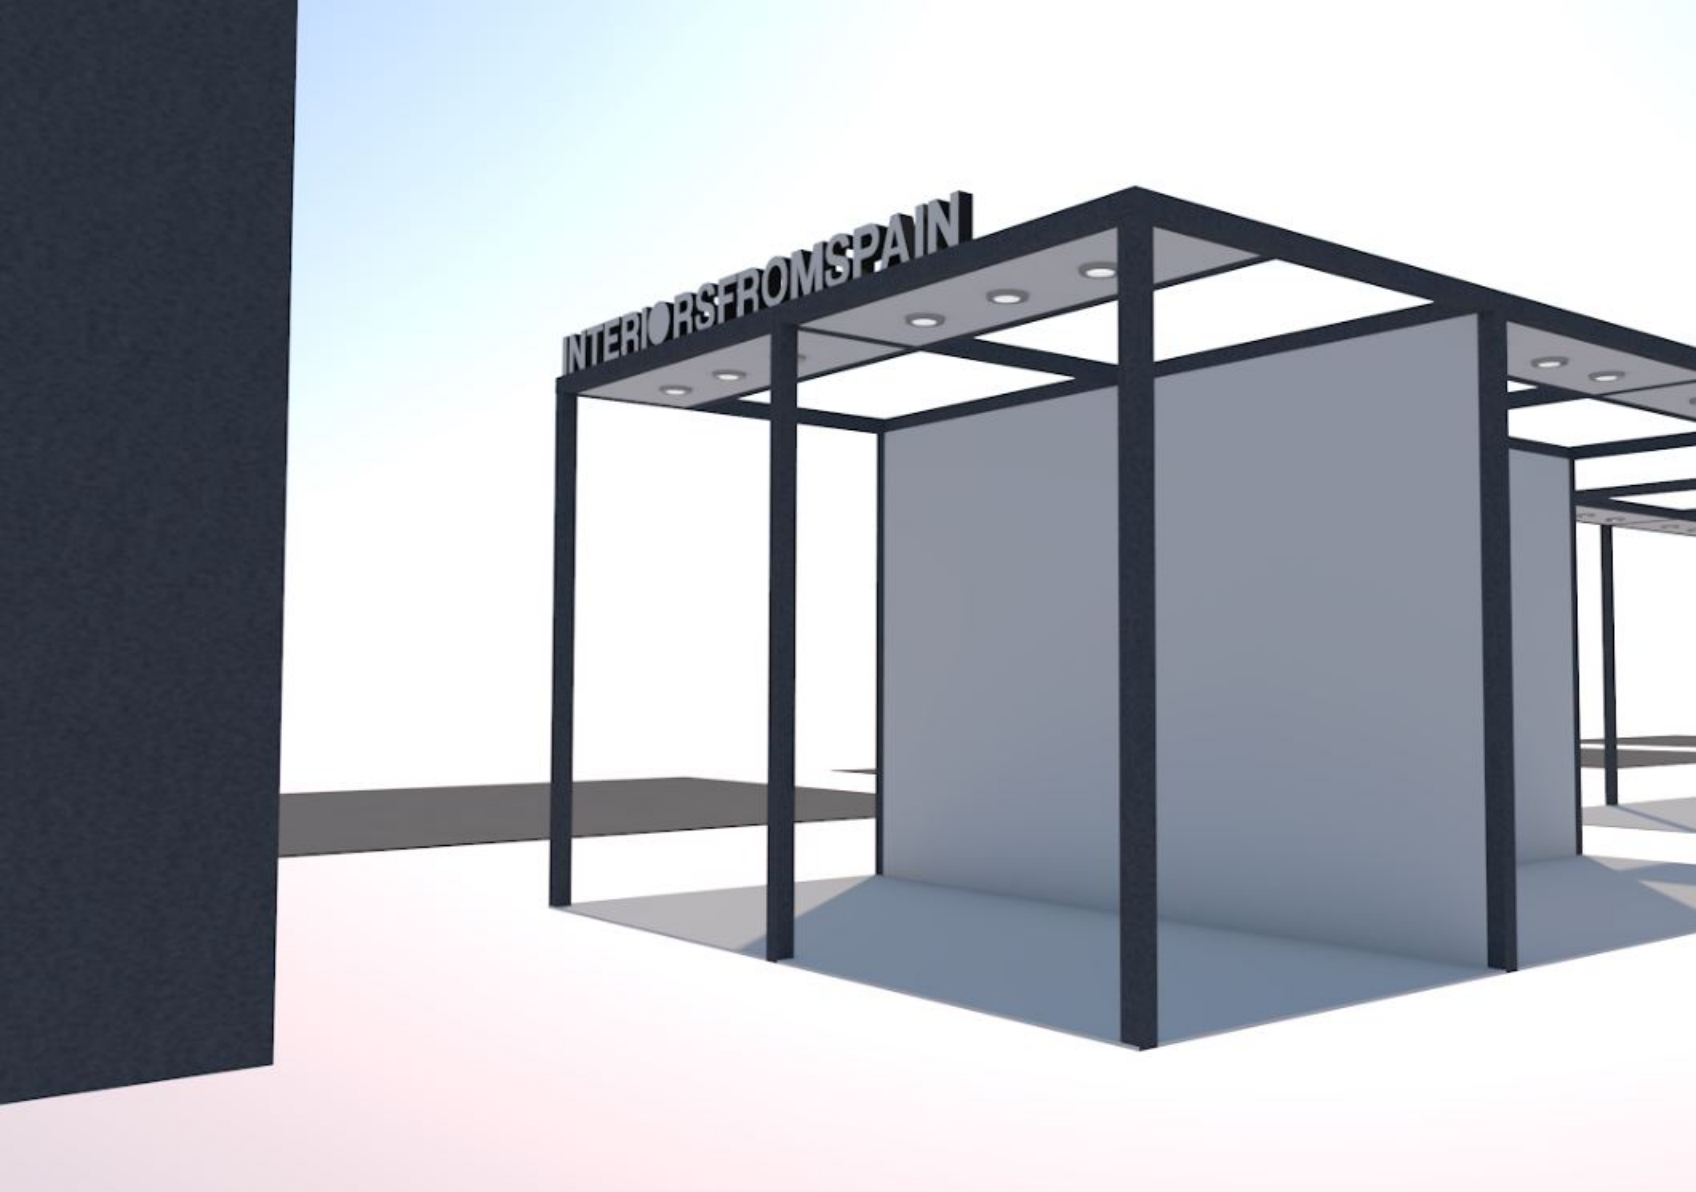

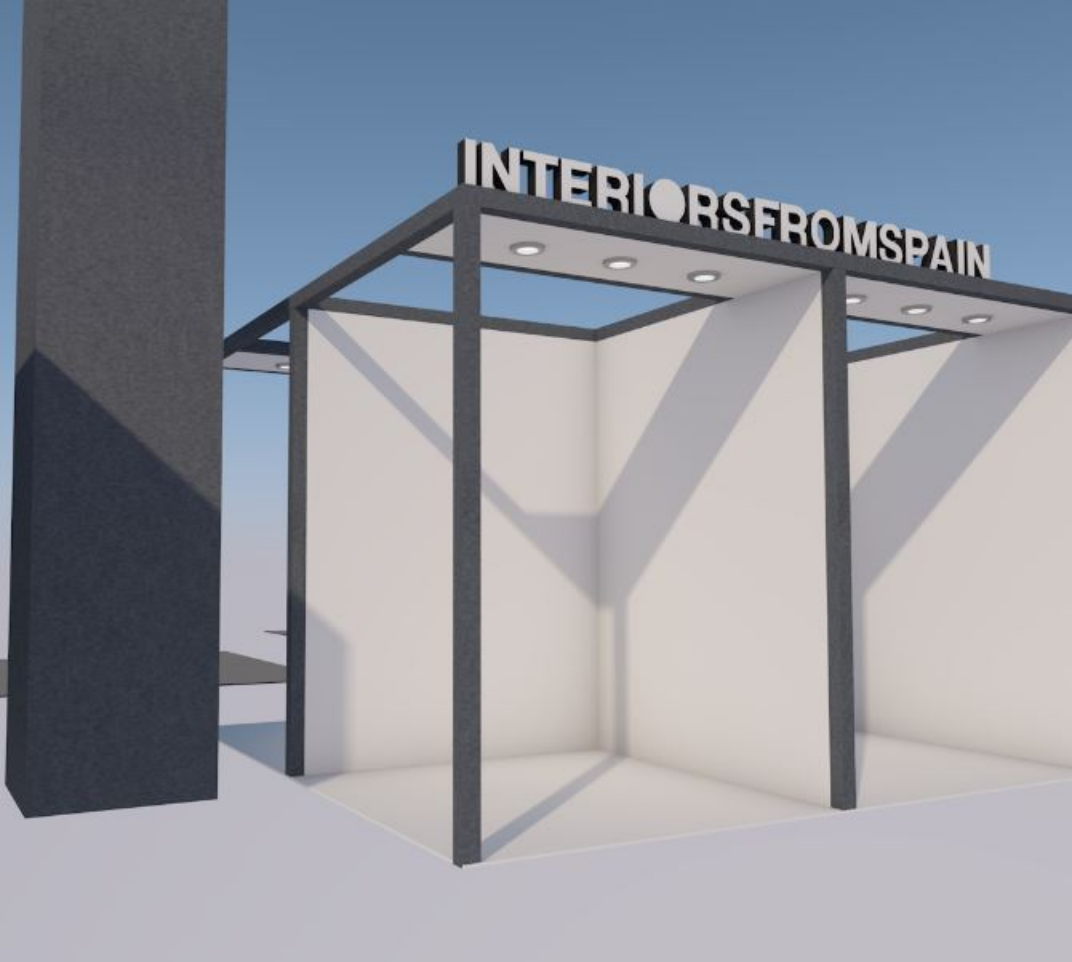

INTERIORSFROMSPAIN

A 3D architectural rendering of a modern, minimalist exhibition stand. The stand is constructed from a black metal frame with vertical posts and horizontal beams. The top surface is a flat, grey panel with several circular recessed lights. The sides of the stand are made of large, grey rectangular panels. The stand is positioned on a white floor, and a dark grey wall is visible on the left. The background is a light blue sky with a white horizon line.
