Discover a whole world of benefits in one single ingredient, the freshest eggshell membrane!

Our passion drives us to explore a better way to practice healthcare, improving it in the safest possible way, sourcing a natural resource in a highly responsible manner by recycling eggshells and giving them a “second life” as part of a fully circular economy.

We research the freshest eggshell membrane in the market, a remarkable ingredient with numerous benefits.

We firmly believe that our high-quality eggshell membrane can make a positive impact on supplements, nutraceuticals, pharma, cosmetics, and food industries.

Trademarks:

MKARE®

We only use the freshest eggshell existing in the market to produce MKARE®.

Product & Services

MKARE® is 100% natural and the freshest eggshell membrane existing in the market.

This multi-functional branded ingredient naturally contains a unique source of key bioactive compounds. MKARE® is rich in collagen (type I, V, and X), hyaluronic acid, elastin, chondroitin sulphate, glucosamine, and over 400 soluble proteins...

Just one single ingredient provides multiple clinically proven benefits. A unique supplement solution for Healthy Aging, Beauty Health, Sport Nutrition, and Animal Health.
