The good quality of the slats, will be evaluated through representative sections of the most complex parts marked above

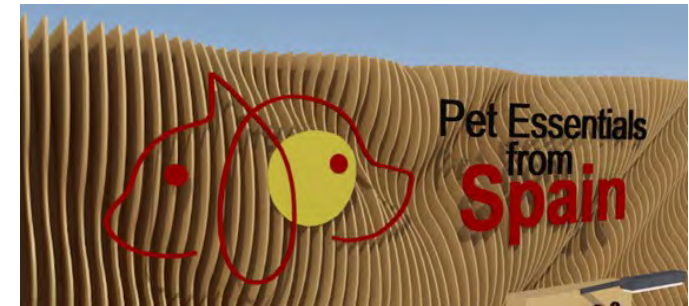

This is an example of a critical point for the development of the project.
The bidding company must provide its own breakdown or construction details explaining how they would carry out complicated parts of the project.

DESCRIPTION	VIEWS	TECNICAL DRAWINGS
MEETING DESK: Table made of Kraft cardboard with a totem pole featuring graphics. It is U-shaped, measuring 60x124x75, with a totem pole 2 m high. It must have overhead lighting that illuminates the desk and the graphic.		Approximate dimensions:

COUNTER One counter measuring approximately 100x50x100 cm will be provided per company. The logo or graphic will be placed on the front and it will have storage space.		Approximate dimensions: 

Incorrect way to place the sign

Valid way to place the sign

The way the sign is attached is very important. We want the elements that attach the sign to the wall or fixtures to be discreet and as inconspicuous as possible.
