## 1. PROJECT DESCRIPTION

---

The Purebred Spanish Horse (PRE)

This horse breed originated in the 16th century, during the height of Spain's Golden Age, and is characterized by its beauty and temperament, the result of meticulous care and respect for maintaining racial purity, without crossbreeding, and with a genetic quality passed down from generation to generation.

One of the most valued virtues of the Purebred Spanish Horse is its versatility, its mental balance, the harmony of its conformation, its work ethic, and its intelligence.

Currently, 78% of the world's PRE population is located in Spain, and the PRE is bred in 70 countries.

The Royal National Association of Breeders of Purebred Spanish Horses (ANCCE)

The Royal National Association of Breeders of Purebred Spanish Horses (ANCCE) is the parent association of the Purebred Spanish Horse (PRE) worldwide and the only one officially recognized by the Spanish Ministry of Agriculture to manage the Stud Book and guarantee the purity of this ancient breed.

Currently, it comprises 704 breeders from around the world, 276 associate members, and 33 affiliated associations, including those in the United States, Germany (Verein der Freunde und Züchter des Pferdes Reiner Spanischer Rasse), the United Kingdom, Australia, France, Italy, Mexico, Nicaragua, Guatemala, the Netherlands, the Czech Republic, Sweden, and others.
