We are specialists in small sizes tiles, with a classic style and a love to the details. We offer not only tiles but also a huge variety of special, complementary pieces and finishing touches to help you to decorate any interior.

Providing our customers with design, style, and quality has been ADEX's policy since 1897

Products & Services

White body ceramic tiles in small sizes, with very special finishes as: crackled, microcrackled or satin. High glossy finish, and multitone glazes. In our collections there are available embossed pattern pieces, and hand-painted decorative pieces. Also available in all our collections a wide range of special, complementary pieces and finishing touches.

CasaDesús, based in Barcelona since 1973, is a family-run company creating contemporary furniture that blends innovation with tradition. Our collections, developed with like-minded creatives, highlight craftsmanship, proportion, and comfort. Each piece is made in Spain with premium materials and tailored finishes to international standards. With strong presence in residential and hospitality sectors, CasaDesús delivers custom projects, from luxury homes to five-star hotels, with timeless design and Mediterranean identity.

Barcelona Furniture Design – Timeless Style for Every Home

Products & Services

CasaDesús is a family-run company specializing in high-quality upholstered furniture. Our core business focuses on sofas, armchairs, and other seating, crafted in Spain with premium fabrics and metal frames, ensuring durability, comfort, and timeless Mediterranean style. We also produce auxiliary furniture, such as tables and pouffs, to complement our seating collections. While our designs are ready-to-use, we can adapt dimensions and certain design details to meet specific project requirements. In the near future, we will expand our product range to include high-quality rugs, complementing our existing furniture collections.

MONOPOLE CERAMICA ↗

Sergii Birzhev Rudatskiy, General Manager
office@monopoleceramica.com
(+34) 96 331 09 46

Monopole Cerámica is a Spanish company with 15 years of experience in the ceramic industry. Throughout its development, Monopole Cerámica has demonstrated dynamic, innovative, and stable growth — following industry trends and expanding its product catalog with new collections, formats, and finishes made using the latest manufacturing technologies.

Thanks to our commitment to our clients, operational stability, and stock availability, we are present in more than 70 countries.

Our company actively participates in the most important national and international trade fairs in the sector, strengthening our global presence. We also welcome our clients to our facilities in Onda, Castellón, which are constantly being renovated to offer the best possible experience.

BE DIFFERENT

Products & Services

Since its beginnings, Monopole has been distinguished by its pioneering spirit, commitment to quality and personalized customer service, offering ceramic products adapted to the needs and tastes of each market, and even patented designs that are innovative and strive to stand out from the competition, creating products that are different from what you can find on the market, thanks to our R+D department that keeps us at the forefront of design and innovation.

Garcia Requejo creates bespoke lighting that blends over six decades of expertise with contemporary innovation. Makers of all types of lighting, we are renowned for our classical pieces, designed and hand-crafted in our Valencian foundry to deliver tailor-made solutions for landmark spaces worldwide. A proud member of Luxury Spain and holder of the Valencian Craftsmanship Quality Mark, our Made in Spain excellence shines from exclusive Caribbean resorts to distinguished palaces in Turkmenistan.

Bespoke lighting: Spanish foundry craft, contemporary precision

Products & Services

We focus on contract bespoke lighting solutions for projects of any scale, guiding each step from the first sketches to final delivery. Our engineers and artisans transform ideas into drawings, and drawings into hand-crafted, personalized creations.

With sixty-three years of experience, we master classical, contemporary, and technical lighting, from the everyday lighting pieces to chandeliers spanning several meters, always at competitive prices without compromising quality.

We can also complement our lighting with accent furniture such as mirrors, door handles, or side tables, to mention a few/some, ensuring every space achieves complete harmony.

La Platera specialises in high-quality wall and floor tiles, offering a wide variety of designs for interiors and exteriors. With a production process that combines advanced technology and a commitment to excellence, we guarantee durable, high-quality products. All our collections feature unique pieces full of personality that blend naturally into any space.

Every space has its own skin

Products & Services

At La Platera, we manufacture ceramic tiles that combine technology, design, and performance to offer versatile solutions for industry professionals. Our product range includes porcelain tiles —with a water absorption rate below 0.05%— and white-body wall tiles, ideal for interior coverings thanks to their lightness and ease of installation.

Each tile undergoes a strict production process: pressing, glazing, high-precision inkjet printing, and kiln firing at temperatures suited to each material. This level of control ensures a durable product with impeccable aesthetics and outstanding technical performance.

Our collections reflect the latest interior design trends and are available in a wide variety of formats, finishes, and decorative solutions. We also offer exclusive manufacturing techniques like D-LINE and D-LINE Plus, which allow us to create relief textures, metallic finishes, and apply special glazes with unique visual effects.

Founded in the 1970s with just 32 employees and 60,000 m², STN Cerámica set out to design and produce top-quality tiles at competitive prices. Today, with over 1,000,000 m² of facilities, 100 million m² annual capacity, presence in 130 countries and 1,300 employees, STN ranks as Europe's No.1 and the world's 7th largest tile manufacturer (Ceramic World Review, 2023), leading the market through constant innovation and unmatched competitiveness.

We are committed to offering a wide variety of finishes, formats, reliefs and textures, always aligned with the latest market trends to meet every customer's need. Our goal is to inspire well-being and transform any space — public or private — into a place of comfort. Our range includes ceramic wall and floor tiles in porcelain or red body, glazed with polished finishes, and uniquely features 6 mm thickness in both small and large formats.

The perfect choice, offering a competitive product that combines design, quality, technology, and versatility

Products & Services

A wide range of ceramic wall and floor tiles, made from porcelain or red-body tiles, glazed, with high-gloss finishes, and, as a unique product, those that have been specially thickened. You can also find a wide variety of sizes, from subtly elongated to large formats.
