UNIVERSITY OF ALMERIA ↗

José Luis Ruiz Real,
Director for International Promotion

The University of Almeria (www.ual.es) is a comprehensive public university known for its R&D in different areas, such as solar energy, agriculture and water management.

Ranked among the top 1,000 in the world, it has become an increasingly popular destination for international students. In addition to the academic excellence, one of its greatest attractions is its location, as it is the only Spanish campus facing the Mediterranean sea.

A sea of knowledge

Products & Services

The University of Almeria is one of the youngest and most dynamic universities in Spain. 15,000 students. 13 departments (140 research groups). 7 research institutes. More than 34 degree courses, 14 doctoral programmes, 44 official master's degree programmes and 14 own master's programmes. There are around 1,000 international students from 50 different countries from all continents. There is a long tradition of cooperation with higher education institutions and research organizations, not only from Europe through the Erasmus programme, but also with the USA, Africa, Asia, Latin American and Maghreb countries.

UNIVERSITY

U-tad is an ambitious, cutting-edge project: A university focused entirely on the digital industry. It was founded by professionals moved by the need to hire high technical and qualified artists for the digital economy. More precisely U-tad was created by Pyro Studios (Commandos video game in the 90's) and Ilion Animation Studios (Wonder Park, Planet 51 animation movies in the 2000s). The studio was acquired in Summer 2020 by Skydance Animation Los Angeles, and the University has boosted up amazingly during the last decade.

One of the most innovative and creative universities in Europe

Products & Services

U-tad teaches Undergraduate full programs in Animation, Games Design, VFX, Computer Science & Software Engineering, Digital Design, Illustration and Management of Digital Entertainment Companies. We are very industry focused: 80% out of our 450 teachers are active industry professionals. We have a hands-on methodology: our students work on building their portfolio and develop professional wise projects while studying a Bachelor Degree. They are able to pitch their projects to important companies in the industry, participate in exclusive recruiting sessions and attend international shows and events.

José Mancebo, CEO

The Costa Blanca Tourist Board plays a crucial role in promoting the region of Alicante as an ideal destination for international students. It collaborates with educational institutions to enhance language tourism and student mobility, highlighting Costa Blanca's unique cultural and academic offerings. The University of Alicante complements these efforts by offering a wide range of academic programs and support services for international students. It has established mobility agreements with prestigious universities worldwide.
